

SilentFiber™

Polyester Blade Baffles are comprised of polyester (PET) board to provide sound absorption and isolation for a multitude of applications. SilentFiber™ Polyboard is a sound absorbing polyester board made of synthetic fibers of recycled plastics, and is 100% recyclable. Polyboard is environmentally friendly and contains no formaldehyde, VOCs, glues or binders. Polyboard contains no binders that can bleed through to expensive fabrics. SilentFiber™ Polyboard is non-allergenic, non-toxic and is lightweight.

Features

- Recycled Content: 60% post-consumer content, 100% recyclable
- Acoustically rated for sound absorption
